Product Catalog

Welcome

Begun by our father, Steven S. Peck in 1954, our history in the Food Service Industry has followed a very traditional path. A path very similar your own, start with a dream, work hard and treat people with honesty and respect. As he brought 6 of his children into his profession he taught us these values and many more.

While our Industry has changed a lot over the years, his dream and his values guide us to this day. Peck Food Service is not only our livelihood, it is our passion. We recognize that the relationship between distributor and customer is a partnership, we need each other to succeed. You have many choices in today's business climate, but very few that offer you the personal touch a family distributor can. We pride ourselves on friendly and dependable service, product selection, knowledge and availability as well as competitive pricing. While many refer to us as the "Ice Cream Guys" as we specialize in the ice cream, soft serve, frozen yogurt and the fast food industry, we have continued to meet your needs with our expanding restaurant selection of canned, fresh and frozen lines of fruits, vegetables, meats, cheeses, dairy, bakery and more.

Thank you for taking a moment to review our catalog, your input and questions are always welcome. In closing, let us say, we are all part of a community, a friendly industry that brings family and friends together. Whether it's dining out for a quick meal or an ice cream sundae for dessert, we put smiles on people's faces, that's what it's all about, welcome to our family.
